

# Chisholm

## Grower Innovation Day

Cranbourne, Victoria

*In association with*

### Protected Cropping Australia Hydroponic Farmers Federation

**Tuesday 13th November 10am - 3pm**

**Our next grower day is a joint event with the PCA and Chisholm Institute of TAFE.**

The day will allow you to visit Chisholm Institute's Precision Growing Centre (Glasshouse) which is currently hosting a full Philips LED Lighting trial for Tomatoes, as well as the De Ruiter Tomato variety trial.

The morning will include an informative speaker program including:-

- Roelf Schreuder, Gourmet Mokai "Growing with LED lighting"
- De Ruiter, "Sharing passion. Seeding your success"
- E Agri, Patrick Duffy, "Vertical farming: the next generation"
- Priva, Marcus van Heijst, "What is your licence to grow"
- Chisholm TAFE, "Growing Skills"

**This event is open to PCA & HFF members only.** Due to limited places (85) priority will be given to grower members of each organisation. This is a free event to HFF members with lunch provided.

**RSVP by Friday 3rd November to:-  
[marketing@chisholm.edu.au](mailto:marketing@chisholm.edu.au) or phone (03) 5990 7009**

**PHILIPS**
